What's the idea?

What is Content^{dt}

Imagine you deciding what Raj should do when Lajwanti asks him to elope with Simran...

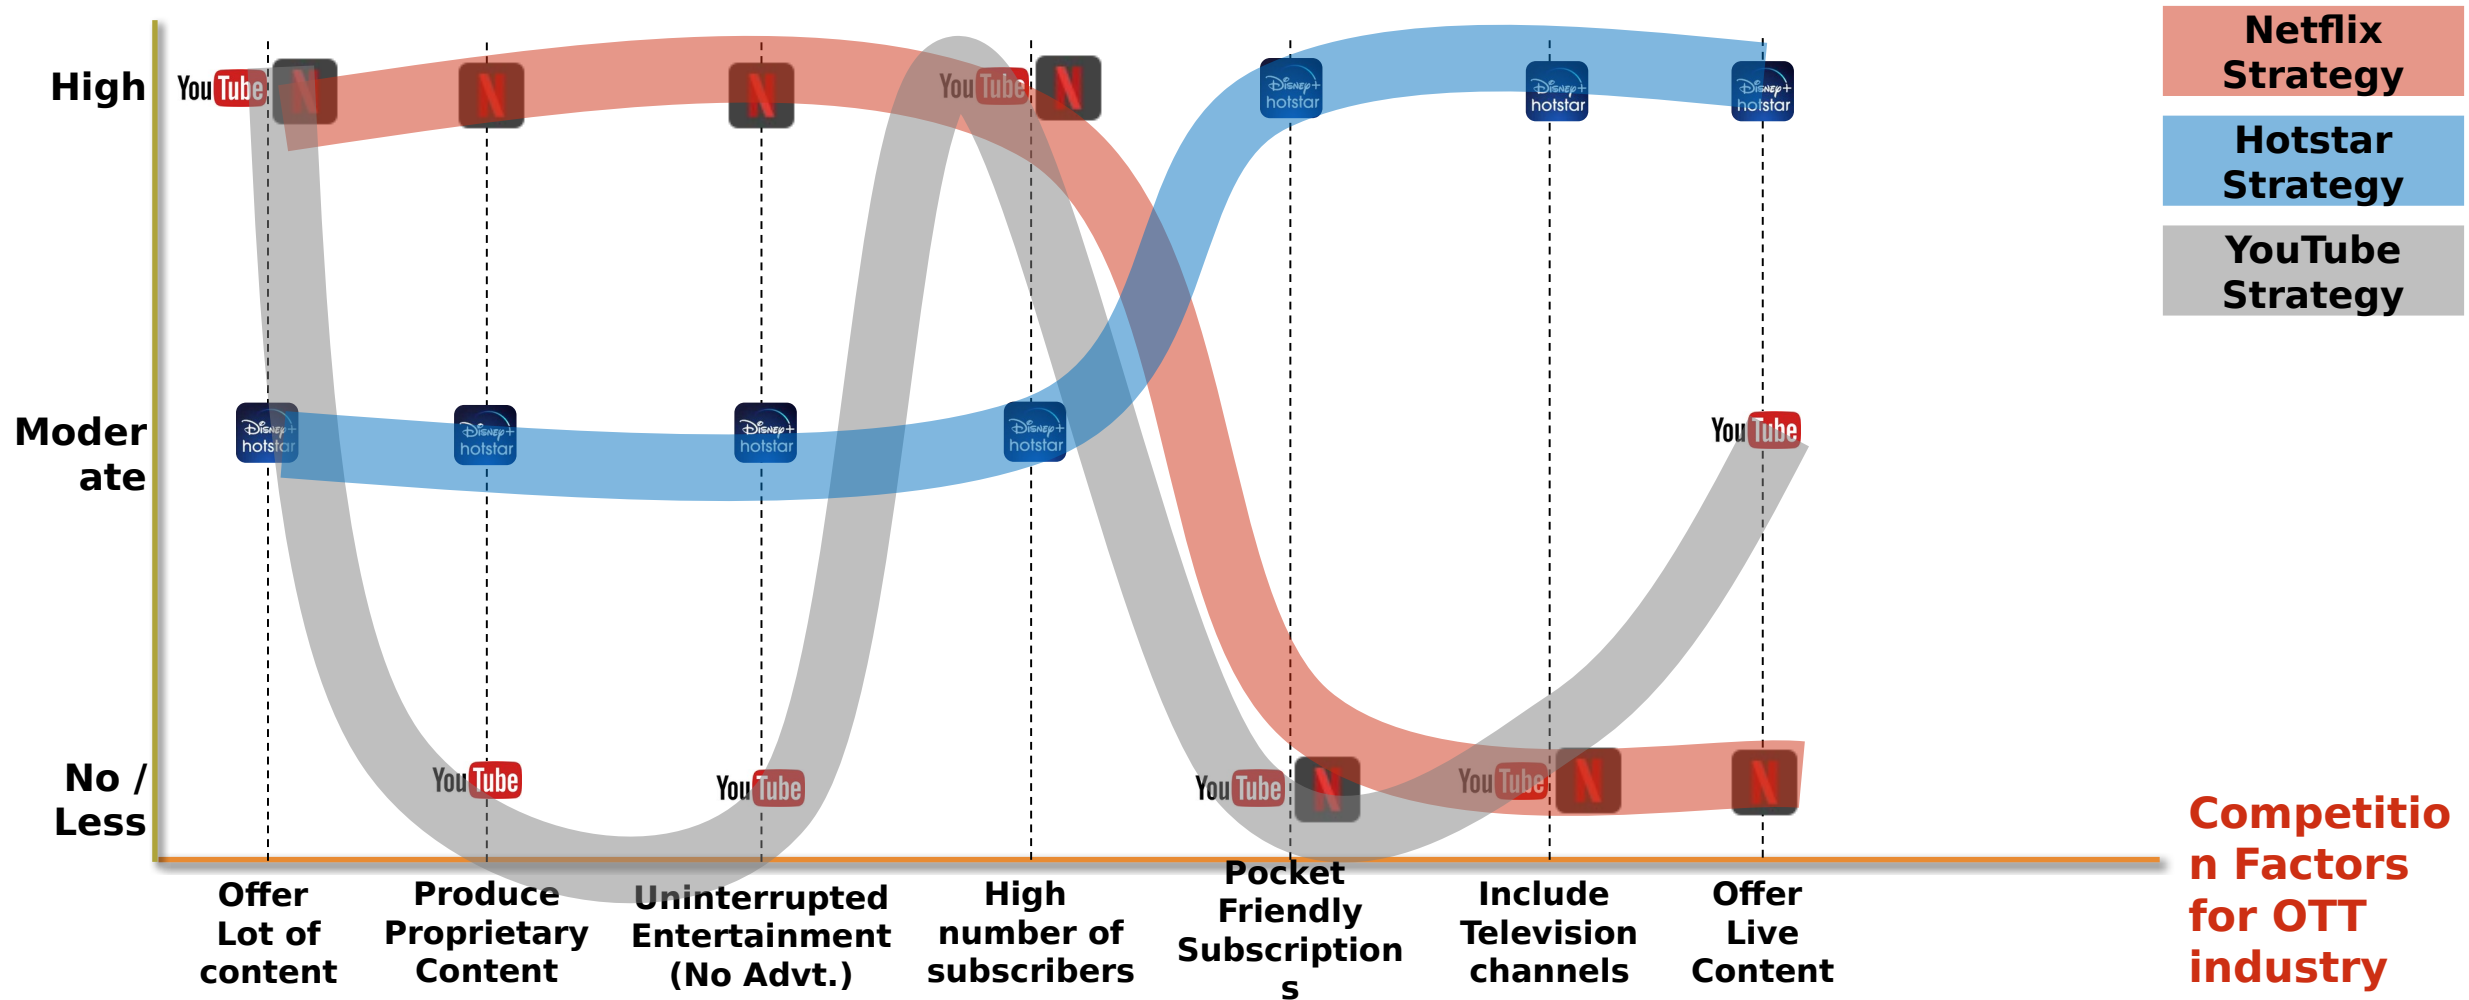

Imagine the possibilities...

Become The Puppeteer who pulls the stings!

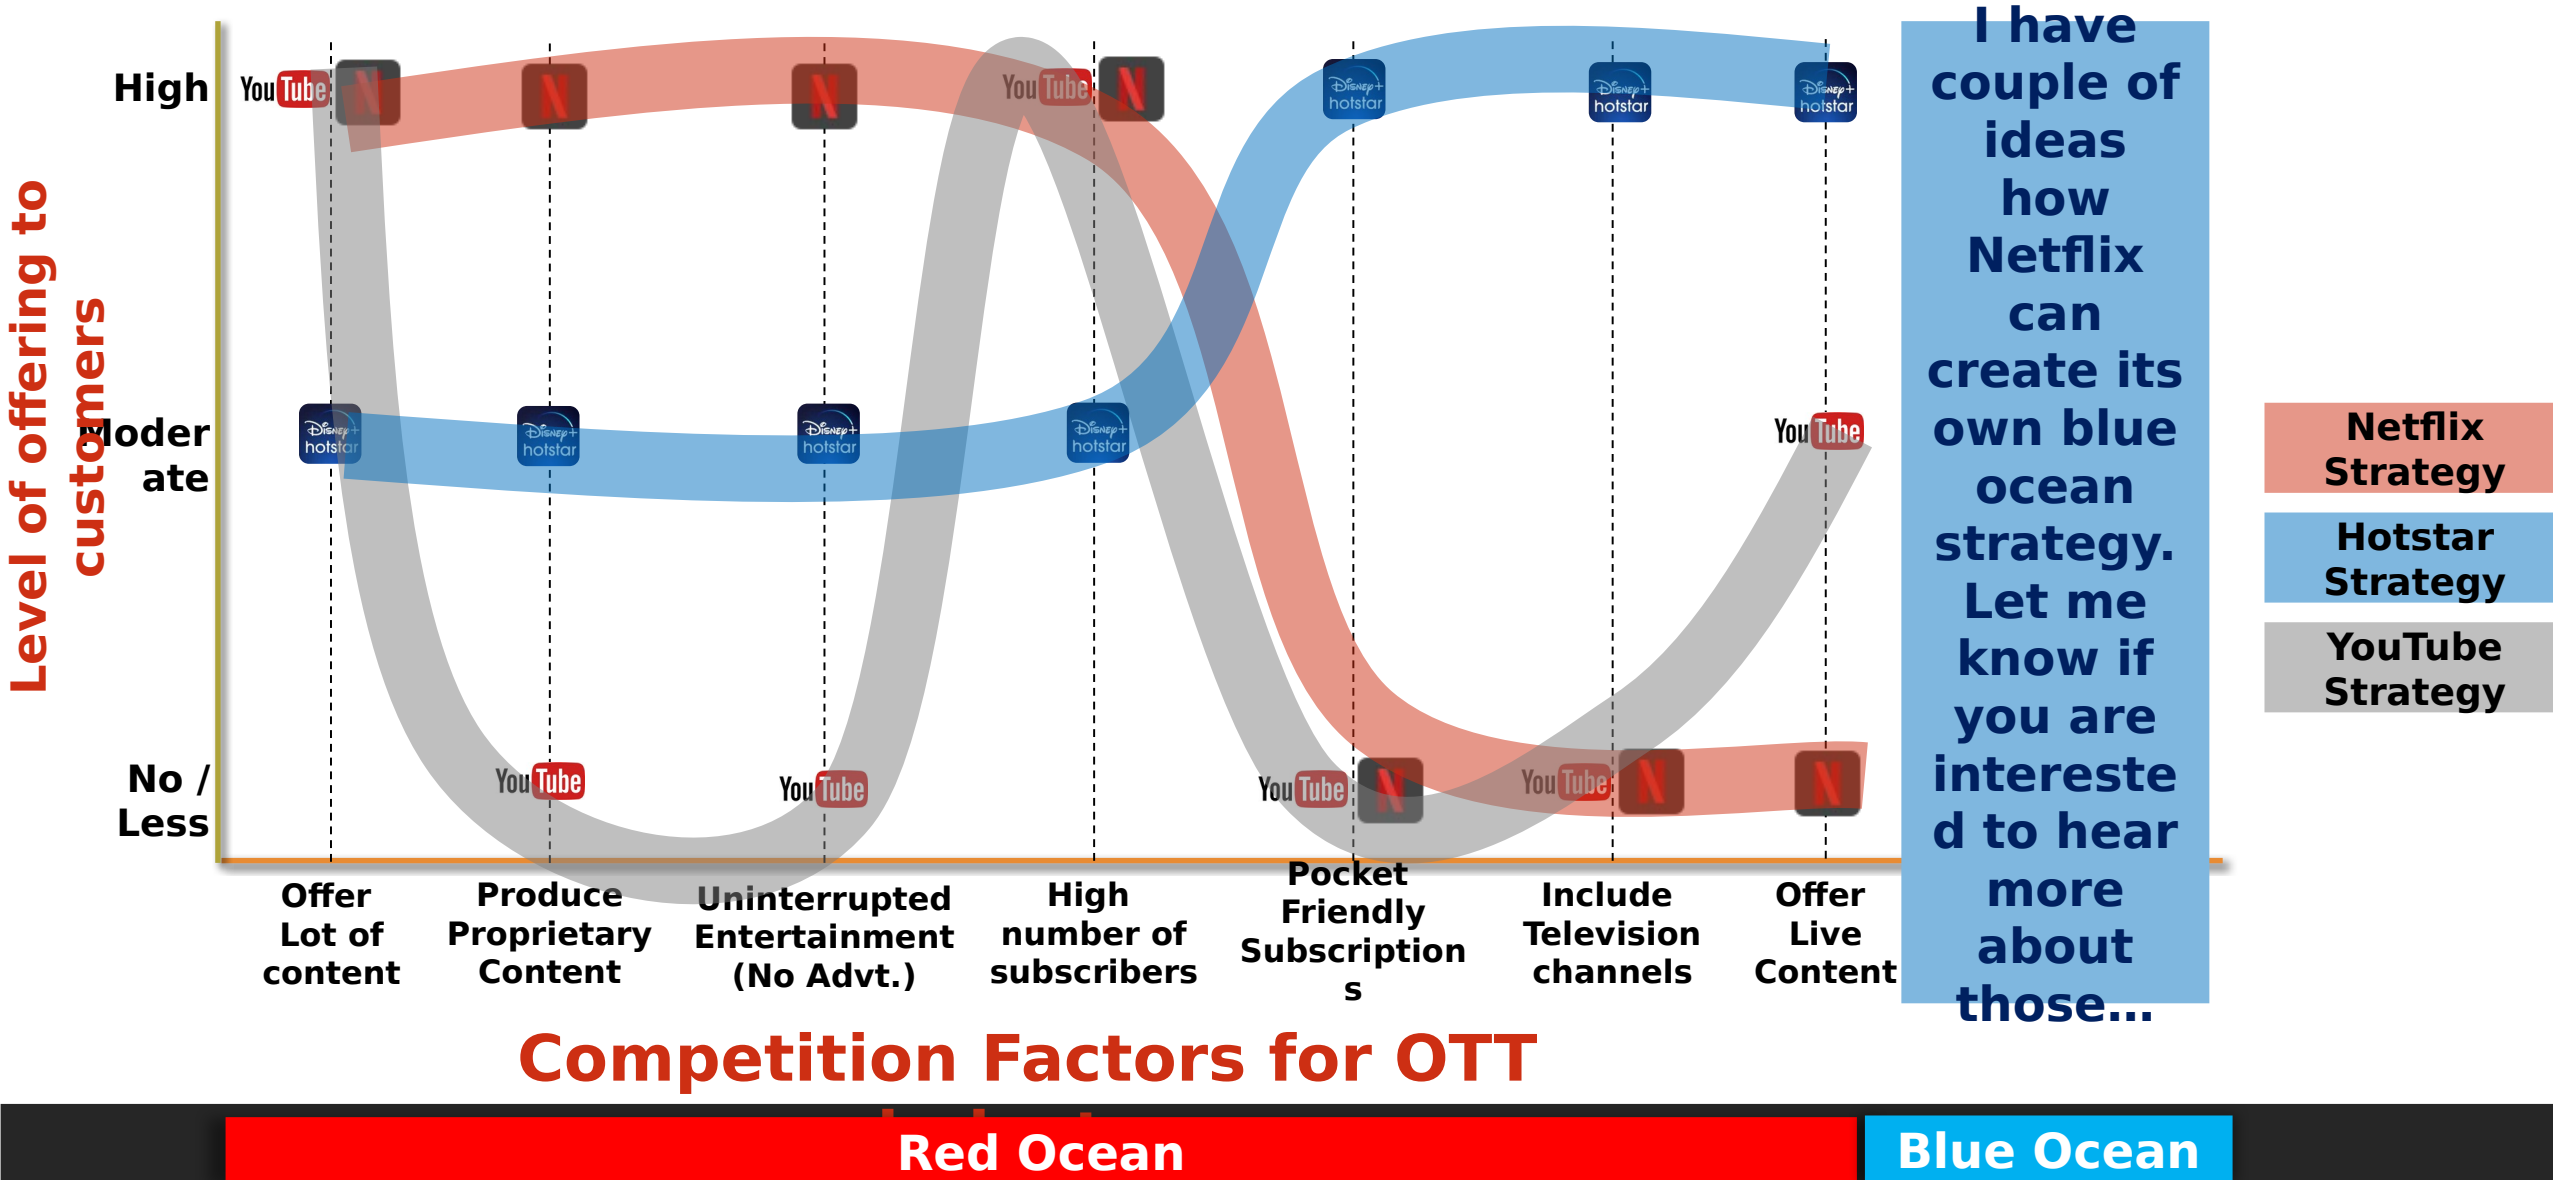

What is Content^{dt}?

- ▮ It's a content with decision tree
- ▮ Imagine you are watching a movie
- ▮ And controlling actions of the characters on screen
- ▮ The character is at a crucial juncture and has to make that critical decision
- ▮ You get to choose that decision while watching Content^{dt}

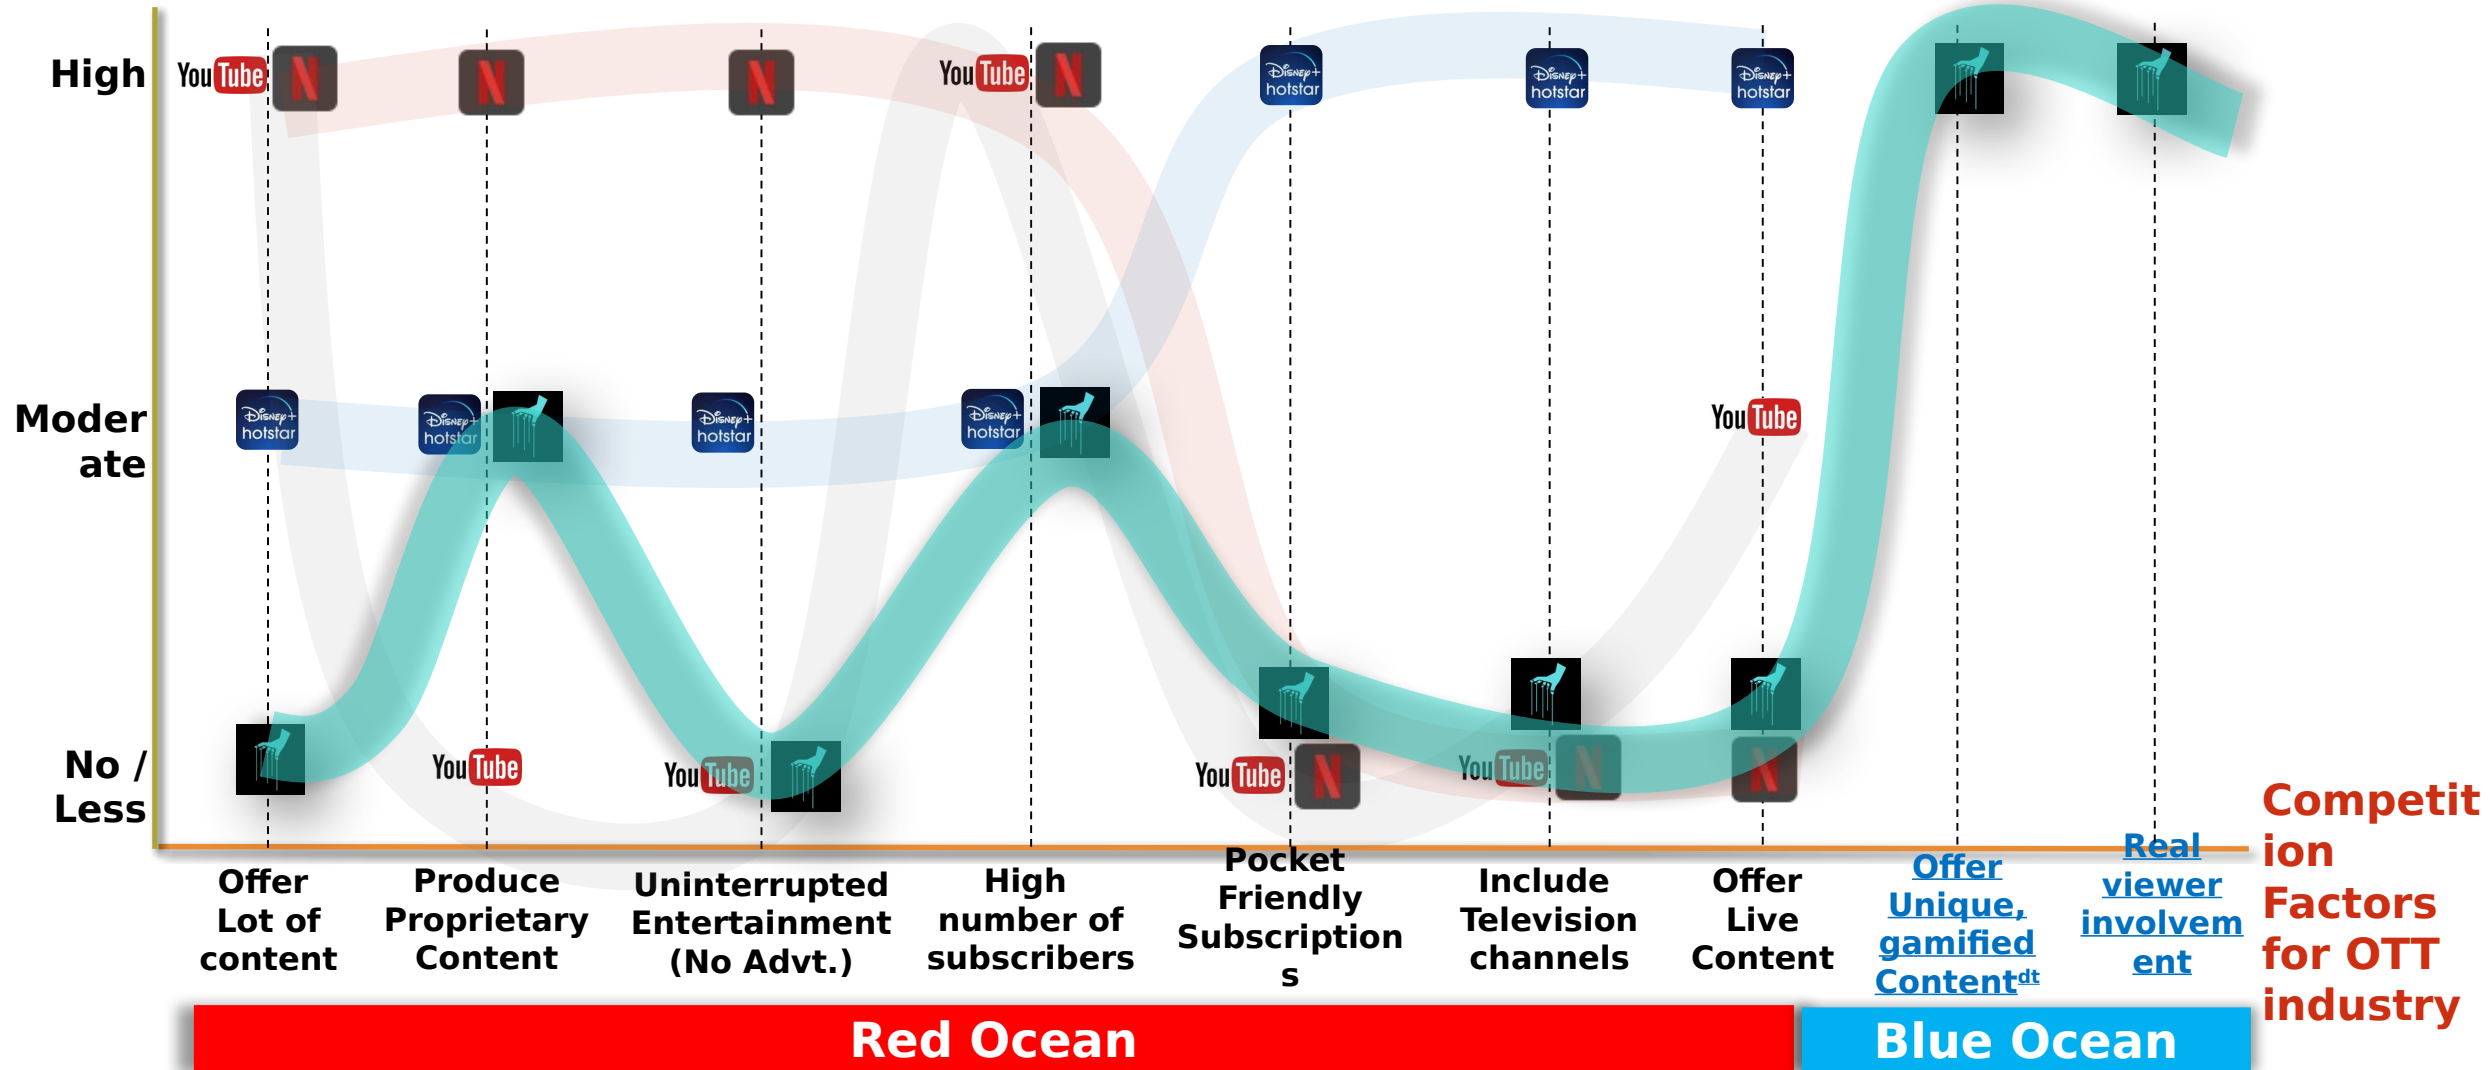

What's the need?

Netflix Strategic Canvas (Geography - India)

What's the need?

Targeting

- ▮ Segmentation based on Psychographic & Behavioural Traits
 - ▮ Casual Mobile Gamers (occasional mobile gamers while waiting or when there is nothing to do)
 - ▮ Content Surfers (viewers who don't have any specific content in mind)
 - ▮ Keen to make decisions
 - ▮ Want content which challenges the intellect

Positioning

FOR CONTENT CONSUMERS

- ▢ Become a puppeteer of you content
- ▢ Be active part of the content
- ▢ Influence your character's decisions
- ▢ Multiple short movies within same movie

FOR CONTENT CREATORS

- ▢ Create an intelligent content
- ▢ Weave different genres in one content
- ▢ Showcase core of your content i.e. script
- ▢ Referral only

Probable Revenue Streams

▮ **Premium Subscription Models (High-cost subscription)**

- ▮ Additional decisions for Platinum subscription
- ▮ Higher weightage if watching in group for Platinum subscription

▮ **Advertising**

- ▮ On decision nodes
- ▮ Improved scope for multi-product advertisement (advt. depending on decision node)

▮ **Training for content creators**

- ▮ Revenue sharing with content creators

Probable Product Extensions

- ▢ Training

 - ▢ Corporate

 - ▢ Education

- ▢ Recruitment

- ▢ Decision based Games

For Content Consumer

- ▮ Registration & Login
- ▮ Subscription
- ▮ Browse – Wishlist Content
- ▮ Play – Pause – Stop Content
- ▮ Log Decisions
- ▮ Save Decision Nodes (Progress)
- ▮ Thumbs-up / down
- ▮ Community for Easter Eggs within Content^{dt}

For Content Creator

□ Create Decision Tree

- Add segment
- Add decision details at the node
 - Content / Message
 - Action button text
 - Link segment to each Action button

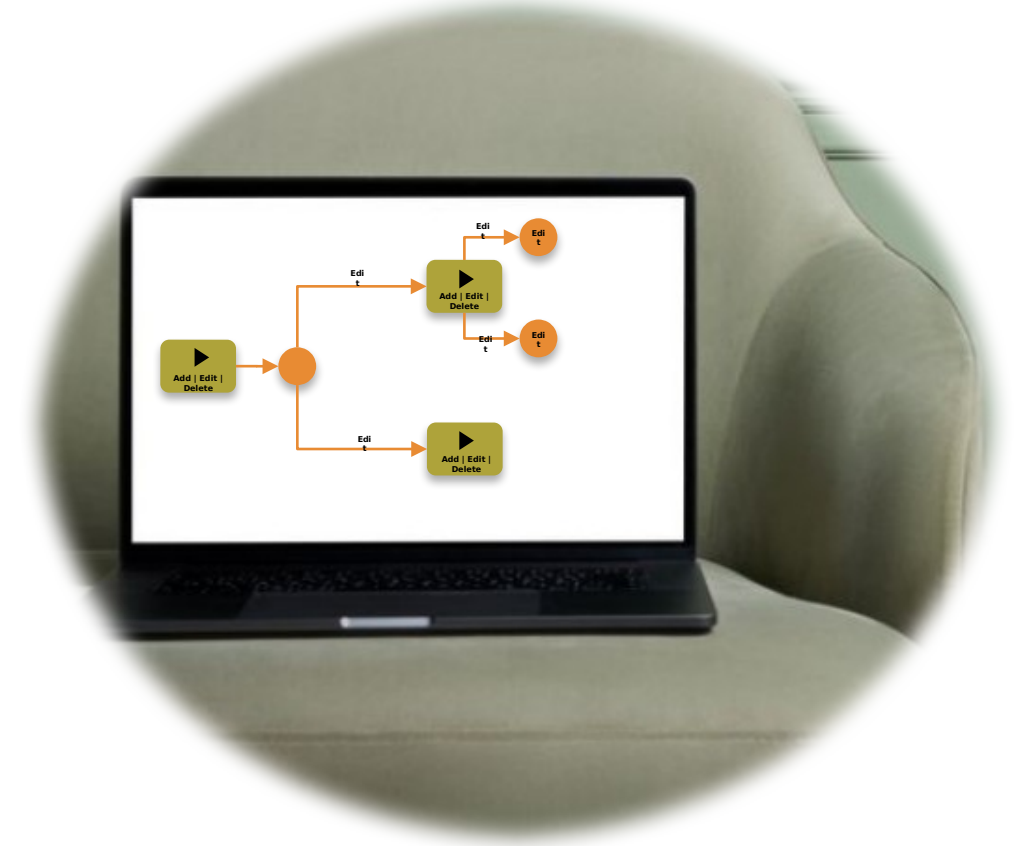

□ Preview

□ Add / Update / Delete / View Segment

□ Add / Update / Delete / View Decision

□ Review

- Identification of missing links from action buttons to next segments

For Content Creator

▮ Timer for Decisions

▮ Context based final call

▮ For individual viewers

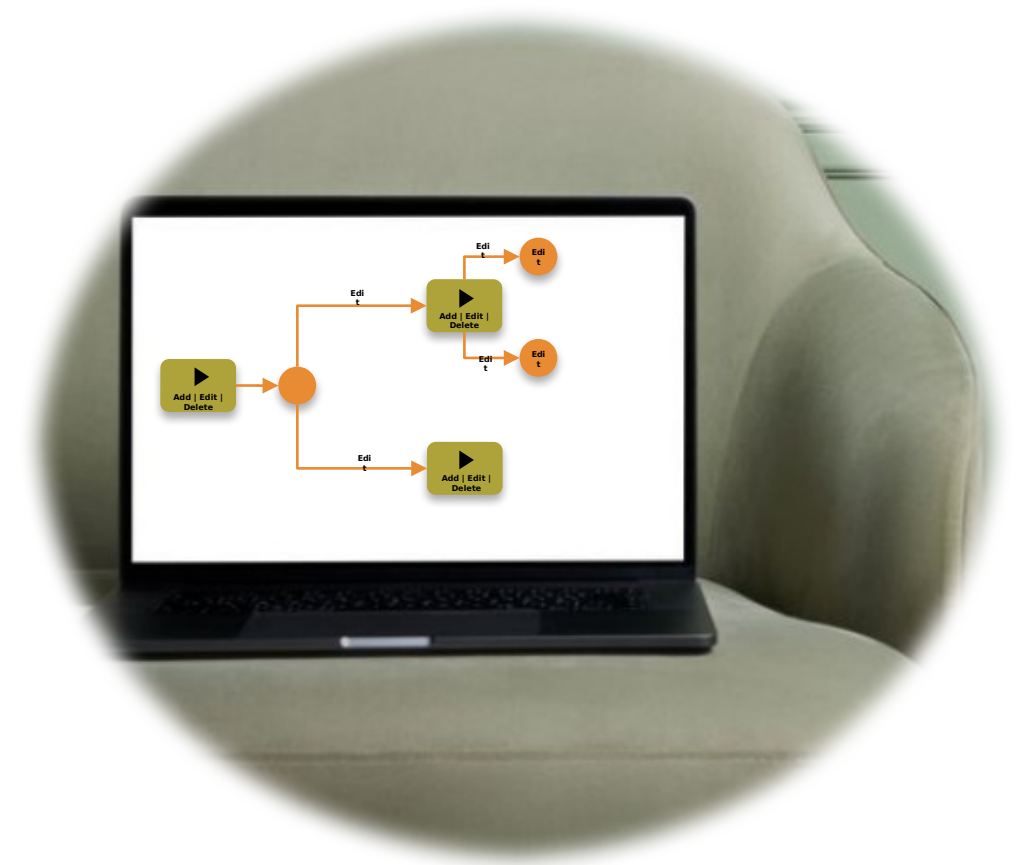

- ▮ Default action (if not acted upon by user)

▮ For group viewers

- ▮ Majority
- ▮ Default action (if equal votes for all the actions)
- ▮ Subscription weightage

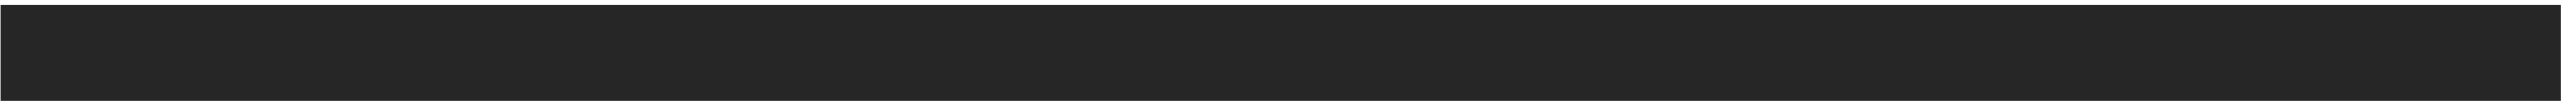

▮ Mode of Voting

- ▮ In-app
- ▮ SMS

Small Example...

THE HONEST WOODCUTTER

The honest woodcutter^{dt}

**There was a woodcutter
living in a small village
near a river**

**Puppete
er
Section**

The honest woodcutter^{dt}

**One day, he dropped his
axe in water while cutting
the tree**

**Puppete
er
Section**

The honest woodcutter^{dt}

**He tried to get back his
axe but could not. He
started crying and praying**

**Puppete

Section**

The honest woodcutter^{dt}

The woodcutter's wife prayed Water God to find her missing husband. Water God appeared in front of her & asked if she wants her husband back or wants 1000 gold

coins instead?

**Puppete
er
Section**

The honest woodcutter^{dt}

**She chose 1000 Gold coins over her husband.
The woodcutter turned crocodile now, started
crying. Since then Crocodiles shed tears out of
emotion for their wrong doings**
